

MATERIAL SAFETY DATA SHEET

HMIS RATINGS

Health Hazard: 1

Flammability Hazard: 0

Reactivity Hazard: 0

Updated Date: 04/25/2016

Supersedes: n/a

Product Name: 3Gems Nutrition Jewel All-In-One Plant Enhancer

(The information provided in this Material Safety Data Sheet is directed at occupational exposure and may not be applicable to consumer use of the product.)

3Gems Nutrition LLC
870 W Onstott Rd Suite F
Yuba City, CA 95993

TELEPHONE NUMBER: 1-844-433-4367

SECTION 2: COMPONENT INFORMATION

Hazardous Ingredients

CAS Number

Concentration in Product

The identity of individual components of this mixture is proprietary information and is regarded to be a trade secret in accordance with the provision of 1910.1200 of Title 29 of the Code of Federal Regulations.

SECTION 3: HAZARDS IDENTIFICATION

Emergency Overview:

Non-toxic, biodegradable planet enhancer designed to be used with plants and/or soil organisms.

Product may cause eye or skin irritation by repeated or prolonged contact.

Potential Health Effects:

Relevant Routes of Exposure: Eye Contact, Skin Contact.

Acute Effects:

Eyes: Contact with the eyes may cause irritation.

Skin: Repeated or prolonged contact could cause skin irritation.

Carcinogenicity: No information available on the formulated product.

Reproductive Effects: None expected.

Target Organs: Ocular, dermal

Medical Conditions Aggravated By Exposure: None known.

SECTION 4: FIRST AID PROCEDURES

First Aid Procedures:

EYES: Immediately flush eyes with a directed stream of water for at least 15 minutes, forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. Remove contact lenses, if present, after the first five minutes and continue rinsing the eye. Call a physician or poison control center if irritation persists.

SKIN: Immediately wash skin with plenty of soap and water, removing contaminated clothing and shoes. If irritation occurs, get medical attention.

INGESTION: Call poison control center or doctor immediately for treatment advice. Have person rinse mouth with water. If able to swallow, have the person sip a glass of water. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

INHALATION: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

ADVICE to PHYSICIANS: Treat symptomatically.

SECTION 5: FIRE HAZARDS

Unusual Fire and Explosion Hazards: None known.

Fire Fighting Procedures:

NIOSH approved positive pressure, self-contained breathing apparatus and full protective turn-out gear.

Evacuate personnel to an area upwind to avoid smoke and vapors.

Remove containers of this material if it can be done safely.

Use water to keep fire exposed containers cool.

Protective clothing and equipment must be decontaminated if contact with the material or vapors has occurred.

Extinguishing Media: Foam, dry chemical, carbon dioxide.

Conditions to Avoid: Elevated temperatures.

Hazardous Combustion Products: May produce irritating and toxic smoke and fumes. The composition of the combustion products has not been determined. Container may melt and leak in the heat of a fire.

Flash Point (PMCC): Not determined.

Flammability Limits: Lower: Not determined

Upper: Not determined

Autoignition Temperature: Not determined.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Pre-Entry Spill Procedure:

Shut off source of spill if it is safe to do so.

Eliminate sources of ignition.

Review Section 3 - Hazards Identification and Section 8- Exposure Control/Personal Protection before proceeding with the clean up.

Clean Up and Containment:

Use inert absorbent material to absorb liquid and sweep up material into suitable labeled container with a tight fitting lid.

Secure the cover and move the container to a safe holding area.

Check area for residual material and repeat clean up if detected.

Environmental Concerns: None known.

Treatment and Disposal:

Decontaminate or dispose of all protective clothing and equipment.

See Section 13 - Disposal Recommendations for disposal information.

Reporting Requirements:

Report all releases which are likely to endanger the public health, harm the environment, or cause complaint to the appropriate State or Local officials.

SECTION 7: HANDLING AND STORAGE

General Measures:

Store in cool, dry, ventilated area in original container out of sunlight and/or heat. Keep container closed when not in use.

Keep away from heat, sparks, flames and other ignition sources.

Materials or Conditions to Avoid:

Contact with oxidizing agents, acids, and alkalis.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

General Hygienic Practices:

Do not get on eyes, skin, or clothing.

Do not breathe dust or fumes.

Wash thoroughly after handling and before eating, drinking or smoking.

Eyewear: Use safety glasses or goggles when handling chemicals.

Skin: Gloves are recommended if there is a potential for skin contact. A plastic or rubber glove which provides a physical barrier to direct contact is recommended. Use disposable spun polyolefin (e.g. Tyvek) coveralls or equivalent to protect against contact. Consult the glove and clothing manufacturers, suppliers and/or industrial hygienist for further information.

Respiratory Protection: Respiratory protection is required whenever air contamination (vapors) is generated by the process. A NIOSH approved high efficiency toxic dust/mist/fume respirator is recommended.

Work Practices and Engineering Controls:

General room ventilation is adequate unless the process generates vapors or fumes.

Prevent the accumulation of material in the work area by thorough periodic cleaning of the area.

Protective Measures During Repair and Maintenance: No special measures are required.

Follow the recommendation for personal protective equipment.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Dark Liquid.

Contents: 2oz (59ml), 8oz (237ml), 32oz (946ml), 64oz (1892ml), 128oz (3785ml)

Color: Black/Brown.

Odor: Mild earthy

Flash Point (PMCC): n/a

Specific Gravity: 1.11 to 1.13.

Refractive Index: Not determined.

Solubility in Water: Not determined.

pH: ~ 7 (liquid)

Volatile (Wt. or Vol.), %: Not determined.

Vapor Pressure: Not determined.

Vapor Density (air = 1): Not determined.

Evaporation Rate: Not determined.

Boiling Point: Not determined.

Melting Point: Not determined.

SECTION 10: STABILITY AND REACTIVITY

General Stability Considerations: Stable under normal conditions and recommended storage and handling conditions.

Conditions to Avoid: Ignition sources, elevated temperatures.

Hazardous Decomposition Products: None known.

Hazardous Polymerization: Will not occur.

SECTION 11: TOXICOLOGICAL INFORMATION

No data available on the formulated product.

SECTION 12: ECOLOGICAL INFORMATION

Environmental Fate: No data available

Ecotoxicity: No data available.

SECTION 13: DISPOSAL RECOMMENDATIONS

Waste Disposal Method: Dispose of material, liners, and containers in accordance with all applicable federal, state, and local environmental regulations.

SECTION 14: TRANSPORTATION INFORMATION

U.S. DOT: Not regulated.

SECTION 15: REGULATORY INFORMATION

This product complies with all TSCA Inventory requirements.

SECTION 16: OTHER INFORMATION

This Material Safety Data Sheet is provided only for your consideration and investigation.

All information is disclosed from the best knowledge available.

B&B Packaging, LLC provides no warranties and assumes no liability for the accuracy or completeness of all the data provided.

LIST OF ACRONYMS

ACGIH: American Conference of Governmental Industrial Hygiene

AIHA WEEL: American Industrial Hygienists Association - Workplace Environmental Exposure Level

ANSI: American National Standards Institute

C: Ceiling

California Prop. 65: California Safe Drinking Water and Toxic Enforcement Act (Prop 65)

Canadian WHMIS: Canadian Workplace Hazardous Materials Information System Ingredient Disclosure

CASRN: Chemical Abstracts Service Registry Number

CERCLA: Comprehensive Emergency Response, Compensation and Liability Act

DOT: U. S. Department of Transportation

HMIS: Hazardous Materials Identification System

IARC: International Agency for Research on Cancer

IATA: International Air Transport Association

IMO: International Maritime Organization

N/A: Not Applicable

NOR: Not Otherwise Regulated

NTP: National Toxicology Program

OSHA: Occupational Safety and Health Administration

PEL: OSHA Permissible Exposure Limit

RCRA: Resource Conservation and Recovery Act

RQ: Reportable Quantity

SARA: Superfund Amendment Reauthorization Act

STEL: Short-Term Exposure Limit

TLV: Threshold Limit Values (registered trademark of ACGIH)

TPQ: Threshold Planning Quantity

TSCA: Toxic Substances Control Act

TWA: Time Weighted Average

The information and recommendations contained in this Material Safety Data Sheet have been compiled from sources believed to be reliable and to represent the most reasonable current opinion on the subject when the MSDS was prepared. No warranty, guaranty, or representation is made as to the correctness or sufficiency of the information. The user of this product must decide what safety measures are necessary to safely use this product, either alone or in combination with other products, and determine its environmental regulatory compliance obligations under any applicable federal or state laws.
